

Your family is important to us. Together, we can ensure that your family continues to receive the health coverage they need to lead healthier lives.

Thank you for being a part of UnitedHealthcare Community Plan. We look forward to serving your family for years to come.

With Warmest Regards,
Jocelyn Chisholm Carter
Plan President

AMC-032-MS-CAID-INSERT

It's open enrollment time

A message from the president

Un mensaje de la presidenta

As a mom, my ultimate goal is to make sure that my family is happy and healthy. As the plan president of UnitedHealthcare Community Plan, my ultimate desire is to make sure that thousands of families across the state of Mississippi get the same results.

Beyond the basic health benefits that your family receives from UnitedHealthcare, they also have access to a large network of caring doctors. Our members have access to:

- free fresh vegetables
- a care manager
- a 24-hour nurse help line
- a KidsHealth[®] online resource center

You may even qualify for a FREE cell phone.

A new open enrollment process will begin October 1. To guarantee that your family will continue to receive your current medical benefits and services, call the Mississippi Division of Medicaid at **1-800-421-2408** and select UnitedHealthcare Community Plan.

For more information on our health benefits, visit our website at **UHCCCommunityPlan.com** or call Member Services at **1-877-743-8731**.
