

HealthTALK

WINTER 2019 | ¡VOLTEE PARA ESPAÑOL!

What do you think?

In a few weeks, you may get a survey in the mail. It asks how happy you are with UnitedHealthcare Community Plan. If you get a survey, please fill it out and mail it back. Your answers will be private. Your opinion helps us make the health plan better.

90-day supply benefit.

Your plan now covers a 90-day supply of select medications. With a 90-day supply, you won't need to get a refill every month.

If you would like to participate:

- **Talk with your doctor to see if your medications qualify.** If so, your doctor can write you a new prescription for a 90-day supply.
- **Talk to your pharmacist.** Your pharmacist can call your doctor to get a new prescription for a 90-day supply.

Pharmacy benefit coverage rules still apply. Only covered drugs will be available for a 90-day supply. Please check your pharmacy coverage rules for more details.

We've got you covered. To find out what medications are included, call Member Services toll-free at **1-800-587-5187**, TTY 711.

UnitedHealthcare Community Plan
475 Kilvert Street, Suite 310
Warwick, RI 02886

Test time.

Cervical cancer usually does not have any symptoms. The way to find out if you have it is with a Pap test. This is a quick and simple test that looks for early signs of cancer. Your doctor uses a brush or swab to collect some cells from your cervix. A lab looks at the cells under a microscope.

The American Cancer Society recommends Pap screening for women every 3 years between ages 21 and 29. Then Pap and HPV tests every 5 years between ages 30 and 65. Testing can end at age 65 for women with a history of normal Pap results.

Get checked. Is it time to schedule your screening? Talk to your doctor. Together, you can create the best cervical cancer screening schedule for you. Need to find a new doctor? Call Member Services at **1-800-587-5187, TTY 711**. Or visit our member website at **myuhc.com/CommunityPlan** or use the UnitedHealthcare **Health4Me**® app.

Your best shot.

Make sure your preteen gets these vaccines.

When your child turns 11 or 12, it's time for another round of shots. These shots are given at your preteen's annual checkup. These vaccines help protect your children, their friends and your family members from serious diseases. The next time you take your middle-schooler to your health care provider, ask about the following shots:

- HPV: Prevents human papillomavirus.
- Meningococcal conjugate: Prevents bacterial meningitis.
- Tdap: Prevents tetanus, diphtheria and pertussis.

If your child missed any of these shots, it's not too late to make them up.

Time for a shot? Learn more about vaccines for every member of your family at **CDC.gov/vaccines**.

Under control.

Tests for people with diabetes.

If you have diabetes, it is important to make your health a priority. It takes constant, careful monitoring to keep diabetes under control. Regular testing helps you see how you're doing. Have you gotten these tests recently?

- **A1c blood test.** This lab test shows how well your blood sugar has been controlled over the last few months. Get this test 2 to 4 times per year.
- **Heart disease.** Controlling your cholesterol and blood pressure can protect your heart. Get your cholesterol checked once a year or when your doctor says you should. It's important to keep your blood pressure below 130/80. Get your blood pressure checked at every visit.
- **Kidney function.** Diabetes can damage your kidneys. A urine test and a blood test can check to make sure yours are working right. Get tested once a year.
- **Dilated eye exam.** High blood sugar can cause blindness. In this test, eye drops make your pupils bigger so your retina can be checked. It helps find problems before you notice them. Get this test once a year.
- **Foot exam.** Get your feet examined once a year to check for wounds and nerve damage.

We make it easy. These tests are covered benefits. If you need help making an appointment or getting to the doctor, call Member Services toll-free at **1-800-587-5187, TTY 711**. Or use the **Health4Me** app.

Lean lunch.

Use leftover chicken breast for a healthy lunch the next day. Make a chicken club wrap lunch box. Add even more fruits and vegetables on the side to add more nutrients and fiber.

INGREDIENTS

- 1 10-inch flour tortilla or sandwich wrap
- 1 cup cooked chicken breast, chopped or sliced
- 1 small tomato, chopped or sliced
- 1 cup romaine lettuce or spinach, shredded
- ¼ cup low- or nonfat salad dressing (optional)

For sides:

- 8–12 baby carrots
- ¼ cup grapes or berries

DIRECTIONS

Layer chicken, tomato and lettuce or spinach on the tortilla within 1 inch of edges. Drizzle with light salad dressing, if desired. Fold opposite sides of tortilla up toward center, about 1 inch over filling (sides will not meet in center); roll up tortilla, beginning at 1 open end. Cut diagonally in half. Add side servings of carrots, grapes or berries.

Resource corner.

10 facts about depression.

Things to know when you're feeling down.

- 1. Depression affects your thinking.** If you have thoughts of suicide, please call someone right away. You can call the National Suicide Prevention Lifeline at **1-800-273-TALK (8255)** or the National Hopeline Network phone at **1-800-SUICIDE (1-800-784-2433)**.
- 2. Depression makes it hard to give.** It's hard to think of other people when you're depressed.
- 3. Depression is often experienced as anxiety.** Make sure you get a correct diagnosis. This will help you get the best treatment for you.
- 4. Ongoing irritability can be a symptom of depression.**
- 5. Chronic pain can be another symptom of depression.** At the same time, being in continual discomfort can cause you to become depressed.
- 6. Alcohol is a depressant.** So are marijuana and many other recreational or street drugs. Using these substances could make you feel worse in the long run.
- 7. People don't choose to be depressed.** But they do make a choice about how to deal with it. Denying that you have a problem will not make you feel better.
- 8. Depression can be as hard on your loved ones as it is on you.** Those closest to you may start to feel unloved. Try to show your love in small ways you can manage.
- 9. Exercise is the easiest and least expensive cure for depression.** Walking just 30 minutes a day can help.
- 10. Sometimes talk therapy can work wonders.** Think about seeking counseling.

More information, tools and resources for depression can be found at the Live and Work Well website. To access Live and Work Well:

- Go to **LiveandWorkWell.com**.
- Click on "Enter."
- If you do not know your access code, click on "I don't know my access code."
- Go to the "Mind and Body" drop down.
- Select your health plan in the list of UnitedHealthcare Community Plan options.
- Select "Mental Health."
- Scroll down to select your topic. Topics include depression as well as other mental health conditions.

Get help. To learn more about your behavioral health benefits, call Member Services toll-free at **1-800-587-5187, TTY 711**.

UnitedHealthcare Community Plan does not treat members differently because of sex, age, race, color, disability or national origin.

If you think you were treated unfairly because of your sex, age, race, color, disability or national origin, you can send a complaint to:

Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
Salt Lake City, UTAH 84130
UHC_Civil_Rights@uhc.com

You must send the complaint within 60 days of when you found out about it. A decision will be sent to you within 30 days. If you disagree with the decision, you have 15 days to ask us to look at it again.

If you need help with your complaint, please call the toll-free member phone number listed on your health plan member ID card, TTY 711, Monday through Friday, 8:00 a.m. to 6:00 p.m.

You can also file a complaint with the U.S. Dept. of Health and Human Services.

Online:

<https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>
