IN CASE OF AN EMERGENCY DIAL: 911

Welcome

Welcome to UnitedHealthcare Community Plan QUEST Integration

Aloha and Congratulations!

You made a smart choice in health care programs.

UnitedHealthcare QUEST Integration is a managed care program. We provide health care benefits, including long-term services and supports (LTSS). We serve individuals, families, and children who are aged, blind, and/or disabled with eligible household income.

This directory tells you about UnitedHealthcare Community Plan and its QUEST Integration program. We work with certain doctors, hospitals, and other providers to get you the health care you need.

This directory is in three parts:

- **Part One** has facts about UnitedHealthcare QUEST Integration.
- **Part Two** tells you about the types of providers and services UnitedHealthcare offers.
- **Part Three** is a list of providers who have agreed to give care to UnitedHealthcare QUEST Integration members.

If you have any questions or if you need a current list of providers, call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

Part One — General Information

UnitedHealthcare and You, Working Together

QUEST Integration members who get long-term services and supports (LTSS) and those with special health care needs (SHCN) are given a service coordinator. Your service coordinator will help you meet your health care needs. Call your service coordinator if you have questions or need help toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

If you do not have a service coordinator and need help, call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

If you qualify for long-term services and supports or have special health care needs, these services are free:

- A service coordinator to help manage your care.
- A primary care provider of your choice. A primary care provider is a doctor, clinic, physician assistant or specially trained nurse that helps you with most of your health care needs. In other words, your primary care provider is your regular doctor.
- Referrals to specialists.
- Long-term care services and supports.
- Medical care in your home if you cannot leave your home.
- Prescription drug coverage.
- Help with mental health problems, drug or alcohol abuse.
- Annual checkups.
- Services to help you live in your home safely.
- Preventive vaccines (such as flu or other illness).
- Childhood immunizations.
- Free health classes.

UnitedHealthcare Translation Services

If you need an interpreter or information in another language, call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing-impaired. We have materials in English, Ilocano, Vietnamese, Chinese (Traditional) and Korean. We can help you get information in other languages, too. We can also get a translator (including sign language) for you at doctor visits and meetings with your service coordinator.

Keeping You Healthy and Informed

Our Member Services team will help you with your health coverage questions. Member Services can help you with things such as:

- Choosing a doctor.
- Finding specialists, hospitals, and pharmacies.
- Membership.
- Covered services.
- Having both QUEST Integration and other coverage.
- Changing doctors.
- Changing your service coordinator (if one is assigned).
- Changing your name, address or phone number.
- Filing a complaint.

Our Member Services team can also give information on things that are important to you and your family. Some of these include:

- Living with a chronic illness.
- Preventing falls in your home.
- Eating healthy foods.
- Getting mental health services or substance abuse treatment.

We are happy to help you with other topics not listed here. If you have questions or need help, call Member Services toll-free at **1-888-980-8728**, or **TDD/TTY: 711** for hearing impaired.

What to Do in Case of an Emergency

An emergency is an accident or medical problem that, if not treated quickly, could be life-threatening. Some examples are:

- Unstoppable bleeding.
- Convulsions or seizures.
- Passing out or fainting.
- Trouble breathing.
- Severe stomach or chest pain.
- Signs of a heart attack or stroke.
- Poisoning.
- Severe or multiple injuries or burns.

Emergency care is always covered by UnitedHealthcare, 24 hours a day, 7 days a week, no matter where you are in the United States.

Remember: If you have an emergency, call **911**, or go to the nearest emergency room.

Part Two — Choosing a Doctor

This part of the book talks about the providers who will give you the care you need. We have chosen the providers in this book because we think they are the best people to take care of you. If you have questions, call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

How to Choose a Primary Care Provider

All QUEST Integration Members Must Choose a Primary Care Provider (PCP).

Your primary care provider can be a doctor, clinic, physician assistant or specially trained nurse. Your primary care provider supervises and provides all primary care. They give referrals for specialty care.

UnitedHealthcare will send you a letter and a QUEST Integration Member Identification Card (ID) card. This card has your doctor's name, address, and phone number. When you go to the doctor, always show this ID card. Also show any other medical insurance cards that you may have. This will help your doctor manage your medical coverage benefits.

Read the list below. It will tell you what to do if you are in a certain category.

1. QUEST Integration members with Medicaid coverage only must choose a PCP from the list in this book. Your PCP's name will be on your QUEST Integration ID card. Tell your service coordinator (if you have one) the name of the doctor or call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.
2. You may have other coverage that is primary to QUEST Integration. This may be through Medicare, an employer retirement plan, your employer or if you or your child is covered as a dependent under someone else. In this case, you may choose a PCP from this book or one not listed in this book. (This means you can keep seeing your current PCP.)
 - If you choose a PCP listed in this book, your PCP's name will be on your QUEST Integration ID card. Tell your service coordinator the name of the doctor or call our Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.
 - If you choose a doctor who is **not** listed in this book, it will say "PCP NOT SELECTED" next to PCP's name on your ID card. Tell your service coordinator the name of your doctor so we can work with him or her to join our network. Or you may call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.
3. If your current doctor is a specialist, he or she may be able to act as your PCP. You must get permission from UnitedHealthcare. Talk to your service coordinator or call Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired. UnitedHealthcare will call the specialist to confirm that he or she will serve as your primary care provider.

What Happens if You Do Not Choose a Primary Care Provider?

If you do not choose a PCP, UnitedHealthcare will choose one for you from our provider network. UnitedHealthcare will assign you to a PCP close to your home or the last PCP who took care of you or your family. If you want to change your PCP, call Member Services with the name of your new PCP, toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

Changing Your Primary Care Provider

QUEST Integration members may change his or her PCP at any time. There is no limit to the number of times you can change your PCP. Simply call Member Services with the name of your new PCP toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

How to Receive Specialty Care Services

Your PCP will give you a referral for all non-urgent or non-emergent specialty care. You do not need a referral for family planning services or women's health specialists. (See the Family Planning and Obstetricians and Gynecologists sections of this book.) If the specialty care provider (specialist) is not in our network, your PCP will first ask UnitedHealthcare for permission. This is called prior authorization. Your PCP will tell you when it is ok for you to make an appointment with the specialist.

If you have other medical coverage that is primary to QUEST Integration, you need to check with your PCP or your primary insurance about their referral process for specialty care.

Access to Obstetricians and Gynecologists

Women in QUEST Integration can also choose an obstetrician (OB) or gynecologist (GYN) to provide health care. If you choose to go directly to an OB/GYN, you will not need a referral from your PCP. The OB/GYN must be in UnitedHealthcare's QUEST Integration network. Your service coordinator can help you choose the right OB/GYN.

Family Planning Providers

You can go to your doctor or a family planning provider for help with family planning or birth control. You do not need a referral from your PCP. Anything you tell the family planning provider is kept private in your medical record. This record is available to your PCP.

Providers to Help You Stay at Home

We offer services to help QUEST Integration members who get long-term services stay in their homes. The services must be medically necessary. Your service coordinator or doctor will set up the services. Call Member Services if you have questions toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired. We also offer services for members who live in assisted living facilities or Community Care Foster Family Homes.

Nursing Facilities

For members who need to be in a nursing facility, we have many facilities to choose from. Call your service coordinator or Member Services toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

QUEST Mental Health and Substance Abuse Providers

If you feel very upset, do not know what to do when life is hard or if you have a crisis, call us toll-free at **1-888-980-8728** or **TDD/TTY: 711 for hearing impaired**. If it is a crisis and you have trouble with the phone, call 911 or go to the nearest emergency room.

We have many providers to help with mental health problems. We also have providers to help with drug or alcohol problems. For people with serious mental illness, many services may be covered by the State, not by UnitedHealthcare QUEST Integration. These services include, case management, housing, shelter, crisis services and behavioral health services for children. We can help you set up those services.

What Are the Types of Behavioral Health Clinicians?

Psychiatrists — Medical Doctors (M.D.) and Doctors of Osteopathy (D.O.)

Psychiatrists are medical doctors who are trained in psychiatry. Psychiatrists can do psychiatric evaluation, prescribe psychotropic drugs and offer psychotherapeutic interventions. Psychiatrists in this directory must have a state license. Most psychiatrists are board-certified.

Master's-Level Clinicians (e.g., MFT, LCSW)

Master's-level clinicians have a master's degree in one of these fields: mental health, social work, nursing, counseling, or family therapy. They can do assessments and psychotherapeutic interventions. To be in this directory, they must have a state license to practice therapy.

Psychologists (LP, Ph.D.)

Psychologists have doctoral degrees in educational, child, clinical or counseling psychology. Psychologists can provide a range of services. These include assessments and psychological testing. Most also offer psychotherapeutic interventions. To be in this directory, they must have a state license.

Nurse Practitioners (e.g., NP, MHNP)

Nurse Practitioners have a Master's degree in advanced nursing. The program must be approved by their state licensing board. Training must include counseling. The range of services Nurse Practitioners offer is an advantage for some members. Their services range from counseling and psychotherapeutic interventions to prescribing psychotropic medications.

Other UnitedHealthcare Facilities and Providers

The following types of providers are in the UnitedHealthcare QUEST Integration network. Your doctor or service coordinator must order the services for you.

- Durable medical equipment suppliers
- Dialysis centers
- Lab services
- X-ray/imaging centers
- Vision care
- Prosthetics and orthotics suppliers
- Hearing services
- Surgical centers

UnitedHealthcare's QUEST Integration provider network grows every day. For a current list, call our Member Services team toll-free at **1-888-980-8728** or **TDD/TTY: 711** for hearing impaired.

How Can I Tell if a Provider Is Not Accepting New Patients?

You will see a note "Not Accepting New Patients."

Part Three — Provider Listing

This section shows a list of the QUEST Integration network providers as well as UnitedHealthcare's National contracted Ancillary providers.

QUEST Integration Providers

This list gives information about our providers, such as:

Part Three — Sample Provider Listings

Primary Care Physicians

Family Practice:	Adults and Children
Internal Medicine:	Adults
Pediatrician:	Children

To find a provider, go to the table of contents and find the listing for your island. The providers are listed by their specialty. When you find the specialty you want, go to the page listed. Then you can pick the provider who meets your needs. Members may get care from a resident physician or a certified registered nurse practitioner under the supervision of a PCP.

Description of Provider Listings

Sample provider and hospital listings are listed below:

- 1 Languages** other than English spoken by the provider.
- 2 A list of hospitals** the provider uses.
- 3 Limitations** of the practice. An example is Closed Panel (not accepting new patients).
- 4 Board Certification** tells you the name of the board that certified the doctor to practice in his or her field of expertise.
- 5 Wheelchair** picture tells you the provider is wheelchair-accessible.
